**Short Essay:**

*The Series Islam: Empire of Faith tells the story of the Islamic Empire from 600 to the 1600's. The first episode documents the spread of Islam from its origin in Arabia to Asia, Africa, and Europe. The subject of this episode is the technology, literature, and accomplishments of the Islamic world as it progressed from the 8<sup>th</sup> to 13<sup>th</sup> centuries. Although the relationship between Christendom in Europe and the Islamic world was often antagonistic, the Islamic world also enriched Western Civilization in many ways. Write a short essay of 1-2 paragraphs describing this enrichment.*
